Education

University of Florida

B.S. IN SUSTAINABILITY AND THE BUILT ENVIRONMENT, B.A. IN STATISTICS

- Cumulative Term GPA: 3.6.
- Completing coursework for the AI Certificate and LEED Green Associate Certification.

Santa Fe College

ASSOCIATE OF ARTS

- Cumulative GPA: 4.0.
- Coursework completed through Santa Fe College while enrolled in the University of Florida's Gator Design and Construction Program.

Allen D. Nease High School

I.B. DIPLOMA

Research Experience

Florida Climate Institute

STUDENT CLIMATE FELLOW

- Awarded a grant to investigate how housing type and tenure shape experiences with flooding and support for green stormwater infrastructure (GSI).
- Map GSI locations and flood-vulnerable locations using GIS datasets and shapefiles.
- Perform statistical analysis in R on a nationwide GSI dataset to compare flood experience across housing type.
- Produce an ArcGIS StoryMap to share findings with local organizations including the Gainesville Office of Resilience and Alachua Conservation Trust.

College of Design, Construction, and Planning - University of Florida

UNDERGRADUATE RESEARCH ASSISTANT

- Analyze eye-tracking iMotions data about perceptions of green stormwater infrastructure using R.
- Organize and clean Qualtrics survey participant data.
- Manage participant compensation.

Work Experience

Moss and Associates

PROJECT ENGINEER INTERN

- Manage a large-scale 75 megawatt solar panel project.
- Organize delivery quantities and daily plans in Excel.
- Edit spatial data and map PDFs in Bluebeam.

Shakesmart - University of Florida

SHIFT LEAD

- Took inventory, accepted deliveries, and completed end-of-day sales reporting.
- Lead other employees during shifts and supervised behavior to ensure efficient operations and positive customer experiences.

Skills

Programming and Data Visualization: Proficient in R (packages such as sf, tidyverse, ggplot2, and dplyr), MATLAB, and ArcGIS (spatial analysis and layer mapping).

Office Tools: Proficient in Microsoft Office tools such as Excel, Word, and PowerPoint.

Languages: English (native); Spanish (advanced verbal and written communication).

Honors and Awards

Student Climate Fellowship, Florida Climate Institute, Research Grant

May 2026

Leadership and Service

National Honor Society

VICE PRESIDENT AND MEMBER

- Led monthly meetings and presentations.
- Communicated with students and sponsors to offer service projects.
- Used Excel frequently to organize service hours and finances per student.
